

Prayer pointers for Iran

God's love for Iran is so great that it feels inadequate to reduce it to a set of pointers for prayer. Nevertheless, most of us appreciate triggers to direct our focus, so I asked an Iranian friend of mine to prepare these guidelines for us.

1. For Christians persecuted by their families, friends or the government to be protected by God, for financial help for their families
2. For the international society to support the persecuted church in Iran
3. For anointed and high quality satellite TV programmes such as Sat-7 Pars, Mohabbat and Nejat TV to reach more people and to disciple many.
4. For runaway girls and child slaves to meet the Lord
5. For God to save addicts, especially young ones.
6. For wisdom and fruitfulness for Elam ministries, 222 ministries, and others working with Iranian Christians.
7. For Bible schools in Turkey, Afghanistan, England and US to train faithful and talented leaders and teachers to the Farsi speaking world.
8. For leaders of the churches of Iran to stay faithful to Christ and stand up for the church
9. For the leaders of ministries outside Iran to become / stay united.
10. For women and children ministries to reach more people, and for God to raise more ministers in this field.
11. For establishment of a ministry to reach Iranian university students and highly educated Iranians in the UK.
12. For God to keep ministers and their families healthy and for God to heal those of which are suffering from an illness.
13. For God to raise up anointed Iranian worship leaders.
14. For innocent people who are imprisoned and mistreated simply for asking for more freedom.
15. For laws in Iran to change to facilitate the establishment of justice in the country, and for the government's economic policies to change in order to decrease poverty in Iran.
