Bedding wet and snake in the loo – welcome to Kalungu!

Pastor Jane Wagaluka

In our weakness God makes us strong

We praise God for our wonderful team led by **Pastor Jane Wagaluka**, several of whom were weakened through bouts of malaria and flu.

Despite this, they pushed through to carry out God's work of preaching the Gospel last week in the tiny village of **Rwaswera** located in the newly formed district of **Kalungu**: the first time a mission had been held in this rural location for many a year.

Warrior Princess

The team were grateful for the accommodation given to them, even though their bedding got soaked from a leaky roof.

Steve Trint's daughter **Immac**, found a snake waiting to strike her in the small outside loo when she visited it in the pitch dark one evening. Praise God she had a torch with her and saw it before she crouched down. The snake was killed and its body duly dispatched down the deep drop loo.

Such is her courage and strength of character that she only shared this with three other team members to avoid the others becoming afraid. Neither did Immac complain when she was badly burned as the result of scalding hot water being accidentally spilt over her back one breakfast time.

Immac

Yet another snake encountered by Immac on the mission week

A totally dedicated member of the team on every single mission, Steve has raised a real star here. We are so proud of our warrior princess!

Despite being a rock hard mission place God moved in power

This region is renowned for being as spiritually hard as a rock, but we are delighted to be able to share with you that your prayers have prevailed. Despite its unpromising reputation, and the remoteness of the crusade location, far from any town, people walked long distances and gave their lives to Jesus in their scores.

Eager they came from many a mile

Walls broken down

Despite the hardness of the place, no fewer than **one hundred and fifty seven** precious souls gave their lives to Jesus during the week. We have so much to be grateful for!

- ❖ A man who was both a drunkard and a cocaine user came to faith - to the joy of very many in that little community.
- ❖ Two ladies in the village who were strongly into witchcraft had their hearts melted by the love and the power of the word given and gave their lives to Jesus. The local pastors said that a key demonic stronghold in that place had been broken as a result of their conversion.
- ❖ Team member **Pastor Dan Muliranyi**, whose home village it was, had tears of joy in his eyes as he saw a man who had beaten him harshly as a child coming to the Lord and providing food for the team to eat.
- ❖ **Many** pastors from the surrounding area attended, and received training for evangelism. As they prayed, worshipped and put what they had learnt into practice straight away, it was their first experience of working together in unity.

Please pray for the following:

- *Team members, Pastors Jane Wagaluka and Fred Makubuye as they return shortly to begin the work of follow up*
- *For the new sense of unity to be established even further among the pastors*
- *For new believers to be successfully discipled*
- *For the spiritual and physical protection of the team and their families*
- *For full recovery for Steve- who is still very weak and recovering from flu and malaria.*

Thank you all once again so very, very much for all your wonderful support, both in prayer, encouragement and in practical ways. It is entirely thanks to you that we are able to function as we do!

**Terry Charlton and Steve Trint on behalf of the
Mission Africa Evangelistic Team**
