### **Mission to Kasensero 20-26<sup>th</sup> September- bars emptied – many saved!**

Thank you so, so much for all your prayers and support for the third of our African led missions this year. This time to a remote village in S. W. Uganda close to the Tanzanian border. We praise God and give thanks for all that He did through the team that was most capably led by Pastor Richard Ssendi.

#### **What a team!**

After an early start the team drove for **seven** hours over rough roads on the first day. Despite the driver struggling with a back problem and also being delayed for an hour by a break down they arrived safely. Immediately they began setting up all the P.A. for a crusade that evening.

Within two hours of arrival they were all ready and able to start the praise and worship. The gospel was then preached and **forty-seven** people gave their lives to Jesus that very first evening. Following this the sick were prayed for in large numbers and a film was shown afterwards. The team then had a very late supper and then ....at last... sleep... after a long, tiring but fruitful day.

#### **The power of prayer**

The team were told that two crusades which had been held previously in the area had resulted in only **one** believer between them. Local pastors were therefore astonished to see a response of no less than the **forty-seven** people mentioned on the very, very first night. Such is the power of all your prayers!

#### **Bars emptied!**

Many drunkards gave their lives to Jesus. We praise God that all the bars in the crusade area were observed to be most strangely empty. Allelujah!

#### **Many saved, healed and set free**

We praise God also for the many hundreds who attended the crusade and film meeting every night including a large group who travelled from Tanzania (most eager for us to hold a mission in **their** country!). **Two hundred and thirty three** people gave their

lives to the Lord in this village in just those few days (including a number of Muslims).

Over one hundred and thirty people had prayer for healing. One of these was a little schoolgirl called Nakate (right) who previously could neither read her books nor see the blackboard properly. We praise God that she was able to testify of a **complete** healing of her eyes. A large number also had prayer for deliverance.

### Future Plans

**Arrangements are already in hand for a further mission in Ngoma at the end of November. This will be led by Pastor Morris Kigongo, our anointed worship leader (we also have plans in place for missions throughout the coming year and beyond!)**

### We'll be back!

In December we plan to return to Kasensero to see how they are getting on after this mission!

### Praise Points

- *For the **two hundred and thirty three** precious new souls now in the Kingdom*
- *For the safety of the team and for their great commitment, particularly the leader, Richard Ssendi, who was suffering from pre-existing stomach ulcers and back problems.*
- *For the excellent unity and dedication of the team- this made a huge impact on the local pastors*
- *For the large numbers of healings and deliverances*
- *For God's great faithfulness in every area.*

### Ongoing Prayer Pointers

- *For ongoing unity and joint evangelistic work between the pastors*
- *For the proper nurturing of all those who gave their lives to Jesus*
