## **Five hundred added to the Kingdom in Mbuyendi!**

### **A great welcome**

Shouts of joy greeted **Pastor Jane Wagaluka** and her team when they arrived in this remote grass thatched village after journeying seven hours in heavily laden vehicles, with tyres spinning in the mud, through the torrential rain as they made their way round seriously flooded roads.

**Despite the adverse weather – not to mention the attempt to set fire to the host church just before they arrived – this turned out to be one of our most fruitful missions.**

### **Rain held back by God's hand**

God so powerfully held back the rain throughout the week that only one of the open - air crusades that were held every evening had to be cancelled. What an answer to prayer!

People were **so** eager for the evangelist training that we gave.

**New souls in Christ- Mbuyendi**

Ten groups of people went straight out after one of them to visit homes – and saw **one hundred and thirty six** people saved in the space of just **two and a half hours**.

Greatly encouraged by this they eagerly set out again the following day –this time as **twelve** groups – to follow up those who had responded earlier. This resulted in a further **eighty - two** coming to faith!

### **Witch doctors amazed**

God moved in such mighty power that many people were healed and delivered. Three witch doctors were seen standing together with their mouths wide open at what was going on!

### **Two hundred baptised**

The climax to this wonderful week (in which **four hundred and ninety nine** recorded decisions for Jesus were made) came on the very last day when everyone walked in procession to Lake Kyoga two miles away, singing as they went. Over **two hundred** were baptised. What a glorious end to the week – and what an honour to serve the living Lord!

## My Visit to Uganda June 12th- July 3rd

I will shortly be returning to Uganda – my second home! My primary purpose is to have a **working retreat** with the evangelism team to review in detail all the missions we have undertaken in the last twelve months, and to explore ways in which to be more effective for the Lord. We will also be making plans for new missions through to early 2015.

After this I will be taking part in a follow up visit to **Mutumba**. This is a village in a swampy area, close to the Kenyan border, where we held a mission nearly three years ago. You may remember that there was a mighty move of the Holy Spirit there, with many of the thirty pastors in the area falling down on their knees in repentance. I can't wait to find out what God has been doing in the meantime and, hopefully, to be able to impart some fresh spiritual gift and direction to the Churches there.

A young theological student called Gordie will be joining us from California, where he is training to be an evangelist. I had the pleasure of meeting him last year when he was part of a mission team at Toggo.

The last part of our visit will be spent visiting some of the places, ministries, and projects which Mission Africa has the privilege of supporting in various ways.

As you will see, it is a packed itinerary. Please pray that the Lord keeps us all strong and healthy, and helps us to use every day of this three -week visit strategically.

***Please pray:***

- *for all the new believers in Mbuyendi to be looked after and discipled*
- *for new joint evangelistic initiatives there in the months to come*
- *for safe travel and protection against infection*
- *for God to use us to encourage in just the ways He has in mind*
- *for wisdom and God's leading for the team as we review the past and make many plans for the future.*

**We can't begin to thank you all enough for your part in this African harvest. None of this would be happening without your prayers, encouragement and support!**

*with our love,*
